

eva-last®

INSPIRED BY NATURE, DESIGNED FOR LIFE.

Apex® PLUS

BETTER PERFORMING, BETTER LOOKING COMPOSITE

INCREASED SPAN

Reinforcement improves strength & span capability

MORE STABLE

Less movement from expansion & contraction

NATURAL AESTHETIC

Advanced technology for more natural looking composite

SLIP RESISTANT

Reliable slip resistance properties

LOW-MAINTENANCE

Only basic care required for optimal longevity

PROTECTIVE CAP

Fade, scratch, & stain resistant capping technology

DECAY RESISTANT

Resists decay, insects, moisture, & weather

ECO-FRIENDLY

Long-lasting & prevents deforestation

REINFORCED, CAPPED PVC COMPOSITE DECKING

Capping material:
Engineered acrylic polymer

Core material:
Foamed-PVC composite with
glass fiber-reinforcement

GFR | GLASS FIBER
REINFORCED

FSC certified composite product

Apex PLUS offers you a resilient and natural looking composite. Its foamed-PVC and glass fiber-reinforced core allows for increased span capability over Apex. Low-maintenance Apex PLUS is more stable with less expansion and contraction than its predecessor, and requires only basic cleaning for optimal longevity. Its protective cap is made from a resilient acrylic polymer coating, for long-term fade, scratch, and stain resistance. Apex PLUS also provides decay resistance against insects, moisture, and the elements. Apex PLUS is an eco-friendly alternative to timber that prevents deforestation and premature deck replacement and uses solar power within the manufacturing process.

APEX PLUS COLOURS

APEX PLUS FAMILY OF PROFILES

140 x 24 mm

Grooved board

140 x 24 mm

Square edge board

190 x 24 mm

Grooved board

190 x 24 mm

Square edge board

HULK FASTENERS™

Grooved board fasteners
Compatible with Chain collated hidden clip and S-Series hidden clip systems

Square edge board fasteners
Uses HULK composite top fixing screws on non-grooved edges
