Euro Alfresco Kitchens

Outdoor Kitchens That Excite

Pre-Designed Kitchens

Discover our distinctive range of premium quality pre-designed outdoor kitchens, designed to suit your outdoor alfresco area.

The Positano 3685mm

Transform your alfresco space, blending *'luxurious flair'* with effortless elegance.

- 6 burner built-in BBQ and hood (cover included) with the option of LPG or natural gas
- 190L double door beverage cooler
- 30cm gas wok cooktop
- Undermount sink and sink mixer tap
- Optional: 1200mm canopy rangehood

Kitchen Cabinetry and Accessories

Euro Alfresco cabinetry is specifically designed for outdoor spaces, offering exceptional durability and performance. Built to withstand the elements, our cabinetry is waterproof, with UV-resistant doors that won't fade over time. It is also antimicrobial, heat-resistant, and scratch-resistant, ensuring long-lasting quality in your alfresco area.

All Euro appliances are engineered for alfresco cooking and everyday use, providing high performance day in and day out.

Selecting the perfect combination of appliances, benchtops, cabinetry, and colours is easy—giving you a seamless, high-end solution for your outdoor kitchen.

Sleek black *'shadow line'* for a seamless cabinetry finish

Matching black *'kickers'* for a completed cabinetry look

Gentle *'curved'* cabinetry handles in two colours

Designed & manufactured in Australia with *'Australian Made'* certified cabinetry

'Zero Silica' certified stone benchtops

'Soft close' hinges for longer lasting cabinetry

Choose from *'up to 48'* compact laminate colours

Select from *'four premium'* 4 & 6 Burner BBQ appliances

Optional Kitchen Accessories

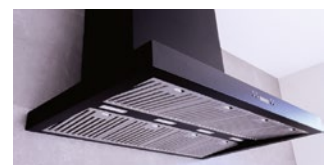

Maximum functionality with *'pop-up power'* module, suitable for all devices

Convenient *'pull-out bin'* available in 3 colours

Lockable *'beverage coolers'* designed for outdoor use

Stylish *'900mm or 1200mm'* canopy rangehood in two colour finishes

Customise Kitchens

Design your Dream Outdoor Kitchen

Euro Alfresco's collection of outdoor kitchens are designed to elevate your alfresco area into a vibrant gathering spot that will captivate your family and friends, becoming the heart of your home. Featuring premium outdoor entertaining and cooking appliances with purpose built designed cabinetry, we ensure both style and functionality in every project.

With a customised design service, tailored to your individual needs and unique space, we bring your vision to life!

Our service includes a free, no obligation customised quote and technical drawing.

The **'Simple & Easy'** Process To Customisation

- 1** **Plan, Measure and Design**
Choose to customise an existing pre-designed kitchen or work with our dedicated design team to create a tailored kitchen.
- 2** **Cabinetry Colour and Finish**
Select from a range of 48 on trend colours of Laminex Compact Laminate and 3 options of cabinetry finish - *smooth, horizontal and vertical grooves*. (Visit the Laminex website at laminex.com.au to view the full range)
- 3** **Stone Benchtop Colour**
Choose from our zero silica stone colours to match your cabinetry.
- 4** **Appliance and Accessories**
Select from our specialised range of Euro outdoor appliances and accessories to ensure the perfect fit to your kitchen. **(scan the QR to browse our range)**
- 5** **Delivery and Assembly**
Work with Stratco to arrange and confirm your site delivery and assembly with the Euro Alfresco team.

Installation

Protecting Your Euro Kitchen

It is recommended that your Euro Outdoor Kitchen be assembled, installed, and positioned in a cool/dry area to prevent damage from UV rays and natural calamities.

Australian Standards

When installing and positioning your Euro Outdoor Kitchen, it is important to comply with State and Australian alfresco standards. This includes open ventilation and appropriate distance from combustible surfaces. Please refer to your Euro Alfresco BBQ product manual for more information.

Design Practicalities

At Euro Outdoor Kitchens, our benchtops are designed to be deeper than the cabinets to allow service amenities (plumbing, electrical connections and excess drainage) to run safely behind your outdoor kitchen.

LPG Installation

For LPG operating BBQ's – we have designed vented cabinets that comply to the Australian standards for LPG cylinder storage.

Other BBQ Compatibility

If you wish to use a different branded BBQ to the Euro BBQ, please provide your details to the Stratco Design Consultant and an Euro Outdoor Kitchens specialist will contact you with a revised quote for your chosen kitchen.

***Important:** All service amenities including plumbing and electrical work must be carried out by a licensed trades person – DO NOT attempt alone.

Euro Warranty

Peace of mind with 10-year warranty on the benchtop and cabinetry and 3-year on Euro appliances. All of our outdoor kitchens come with an Australian based after sales service.
