INSTALLATION GUIDE

BEFORE YOU START

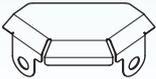

Prior to installation, choose a suitable location on flat ground for your Garden Planter, a minimum 85cm x 32cm is required. To ensure the installation of your Garden Planter proceeds smoothly you should confirm that all the components listed in this installation guide have been supplied.

Carefully read this installation guide to familiarise yourself with all the steps involved, and ensure that you have the correct tools and equipment for the job. All required tools are available for purchase at your local Stratco store.

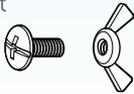

Use heavy gloves when handling steel sheets and parts. Never attempt to assemble the Garden Planter in windy conditions.

STRATCO RAISED GARDEN PLANTER

RAISED GARDEN PLANTER INSTALLATION GUIDE

ASSEMBLY - STEP 1

Assemble the two long sides of the Garden Planter as illustrated. Firstly, assemble the Panel, Corner and Corner Cap together. Then assemble the Panel, Corner and Base together using the bolts provided.

Loosely fasten the Bolts and Wing Nuts to ensure all parts fit together easily. Complete these steps for both ends of the Panel.

ASSEMBLY - STEP 2

Fasten the two short Panels to the Corner and Base assembled in step 1. Once all Panels are assembled, tighten all the Bolts.
