1. Warranty Period

In addition to any statutory warranties or conditions that apply under the Australian Consumer Law, Stratco warrants in favour of the original purchaser ("the Purchaser") of a Stratco Coloured PVC Downpipe System ("the Product") which is purchased directly from Stratco the following:

1.1 Manufacture

The manufacture of the Product for a period of fifteen (15) years from the date it is received. For the purposes of this warranty, "manufacture" is, and only is, the ability of the Product to convey water as designed. Suitable manufacture shall be assessed by Stratco whose determination shall be conclusive.

1.2 Material

The material of the Product for a period of fifteen (15) years from the date it is received. Stratco warrants the material against perforation.

2. Warranty

Subject to the terms and conditions of this warranty, if Stratco determines that there is a valid claim under this warranty, the obligations of Stratco will be limited to, at its option and cost, the repair and/or replacement of the Product. Additional costs or work required to disconnect or reconnect the downpipe system from plumbing, to remove it from brackets or other support material, to obtain access to the downpipe system, to repair and replace any existing structure or material, including the cost of lifting equipment, temporary storage of water and other costs associated with obtaining clear access to the downpipe system for the purpose of effecting the repair and/or replacement will be at the expense of the Purchaser. Stratco will not be responsible for either the cost of water, or the replacement of any water lost during any repair or replacement of the Product.

3. Exclusions from Warranty
